DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 2 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 2 recites the phrase 'the hose' in line 2. There is insufficient antecedent basis for the limitation in the claim.

Claim Rejections - 35 USC § 102(b)

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1 – 4 are rejected under 35 U.S.C. 102(b) as being anticipated by Holt et al. (U.S. Patent No. 5,070,597).

With regard to Claims 1 – 4, Holt et al disclose a hollow article comprising a tube (column 8, lines 24 – 25) comprising rubber (column 7, lines 23 - 24) and having a metal coated on the interior, therefore an inner surface of the tube (column 30, lines 8 – 11).
